Much is known about Susan B. Anthony's suffrage activities but little is known about her personally. She was taken on carriage rides and to dances. But in the end, Anthony rejected all suitors. Find out why in this intimate portrayal by Barbara Blaisdell, on behalf of the Susan B. Anthony House in Rochester. And mingle with real Anthony relatives as they display artifacts and tell family stories about this incredible woman.

Singer-songwriter Bob Warren and his band will perform a musical tribute to the suffragist as we commemorate her birthday and the 89th birthday of the League of Women Voters. Please join us for this entertaining and delicious experience!
